

MN WDCP Wetland Delineator Certified													
This list is current as of NOVEMBER 19, 2019. This list includes most of the people who have met the requirements of a certified wetland delineator as established by the Board of Water and Soil Resources. Some certified delineators have chosen not to have their name listed. Requests to verify a certified delineator who is not listed below, or requests to edit this list, should be made to the WDCP at wdcip@umn.edu or (612) 625-8206.													
Conditions of employment prevent many certified delineators from accepting offers to work on a project or contract basis. This list is not intended for solicitation. Please use the list for the following reasons only: 1. As an employer or contractor determining ones certification status, 2. As a citizen looking for a certified delineator in or near their area to contract work or ask questions. Please do not add these
